

Greater Miramichi Female Association
HNB Minor Association of the Year

Hockey New Brunswick is pleased to announce that the Greater Miramichi Female Association has been named Minor Association of the Year for the 2021-22 season.

The Minor Association/Community Club of the Year award was established in 1992 to recognize a minor hockey association in the province that exemplified the true spirit of minor hockey during the past season and encouraged their members to participate under the Fair Play values.

The Greater Miramichi Female Association has a strong presence in the province despite its geographic location. Teams are required to travel to play in the provincial league, but that distance hasn't stopped them. Each player is committed to hockey and to the association's success.

The association has many active and dedicated members who go above and beyond to create a positive environment for players. Its volunteers were essential when it hosted the 2021-22 U15 A Provincial Championships, even going so far as to incorporate an exhibition format to allow new teams to participate. Through teamwork, the association delivered a fantastic event for all players, families and fans.

The past season was deemed an outstanding success and the association is looking forward to increasing registrations and opportunities in the coming years, no doubt leading to the growth of female hockey in northern New Brunswick.

Congratulations to the Greater Miramichi Female Association on its achievements.
