

Kyle Savory
HNB Delta Fortis Properties Scholarship

Hockey New Brunswick is pleased to award the 2021-22 Delta Fortis Scholarship to Kyle Savory of Shediac, N.B.

The Delta Fortis Scholarship, valued at \$1,000, was established in 2003 to recognize a Grade 12 student who has had hockey play a positive role in their life.

Kyle is a Grade 12 student at Boner Law Memorial School in Rexton. He first hit the ice at the age of four and his love of the sport only grew from there. Kyle and his father were always the first people at the rink, braving any weather to get there, and they would work on skills until Kyle's teammates arrived. Through hockey he built friendships and developed important skills.

Kyle was sidelined from hockey following an injury and the next two seasons were disrupted by COVID-19. Despite these challenges, Kyle was determined to get back on the ice, and tried out for a new team. Not only did he make the Shediac/Cap-Pele Predateurs U18 AA team, but was appointed assistant captain and played in an all-star game. Kyle says this past season has given him newfound confidence.

In addition to playing, Kyle has officiated and enjoys being able to mentor young athletes. He is a dedicated community volunteer; Kyle has organized food drives, helped create Christmas baskets for those in need, and even cleared snow from a local nursing home. He has maintained honour roll status at school on top of his extracurricular activities.

Many know Kyle for his work ethic and determination. He takes great pride in his work and hopes to inspire others. He was accepted into a leadership course at his school, which encourages students to make meaningful contributions to their community. Kyle is a positive, reliable and well-rounded individual.

Kyle has been accepted into the bachelor of commerce program at Dalhousie University in Halifax and will begin his studies in the fall.

Congratulations to Kyle on his achievements.
