Subject: Return to Hockey – phases

Due to the varying start dates for Minor Hockey Associations and Elite Hockey teams, the Hockey New Brunswick Board of Directors have approved the below approach to move from Phase 1 to Phase 2 in the [HNB Return to Hockey Guidelines](#).

Once a division (U7, U9, U11, U13, U15 or U18) within a Minor Hockey Association has completed two weeks in Phase 1 of the HNB Return to Hockey Guidelines, that division can move to Phase 2, on the condition that facility guidelines continue to be followed.

On-ice / development sessions that Minor Hockey Associations or Elite Hockey teams are running prior to September 1st, would not qualify towards the minimum requirement to be in Phase 1 for a two-week period.

The Hockey New Brunswick Board of Directors will continue monitoring the situation and decisions related to Phase 3 will be determined at a later date.

Regards,

Nic Jansen
Executive Director
Hockey New Brunswick
