Date – March 5, 2021

Subject: Yellow Alert Level - Notice

As announced by the Government of New Brunswick earlier today, the province of New Brunswick will move to the [Yellow Alert Level](#), effective Monday March 8th. If there is a significant change between now and Monday, the Government of New Brunswick may revisit their decision to move the Yellow Alert Level.

Unless something changes, this announcement will reinstate games throughout New Brunswick, effective March 8th. Games are permitted within Leagues or exhibition games within the designated zones that are outlined in the [Hockey New Brunswick Return to Hockey Guidelines](#).

It's essential that the Hockey New Brunswick membership review the [HNB Return to Hockey Guidelines](#), the [Hockey Canada Safety Guidelines](#), the [GNB Frequently Asked Questions](#) and the Guidelines for the facilities in which they're using on an ongoing basis.

Additional COVID-19 resources are available at - <https://hnb.ca/en/covid-19>

Regards,

Nic Jansen
Executive Director
Hockey New Brunswick
